

Riding for beagles at Telkom 947 Cycle Challenge

Posted on November 16, 2018

DWR's Marlene Riley and Chris Pugh

DWR Distribution is proud to announce that two of our team members, Marlene Riley and Chris Pugh, will be riding the Telkom 947 Cycle Challenge in support of Beagle Rescue South Africa on Sunday, 18th November 2018.

Hosted for the 22nd Year, the Telkom 947 Cycle Challenge gives cyclist the opportunity to take over Joburg,

Riding for beagles at Telkom 947 Cycle Challenge

but this year the course will be in reverse! The main difference for riders is that the cluster of steep hills that made the last 10km of the route such a grind in previous years will be tackled and out the way in the first 10km while legs are still fresh.

Both animal lovers, Marlene and Chris are joining a team of twenty riders, who are raising funds and hope to create awareness and support for Beagle Rescue South Africa. Apparently, the orphan beagles are a mixture of mischief, cuteness and love! So if you'd like to support the cause visit <https://www.backabuddy.co.za/.../gr.../telkom-947-for-bras-2018...>

The riding bug initially bit Marlene over a year ago, and she has trained hard on-road, off-road and in the gym to prepare for this challenge. Meanwhile Chris Pugh, somewhat of an iron man, will be entering his 11th race, and this year he has decided to partake in double ride which means 947 x 2!

Ride it like you stole it!
