Synchronized Playback

The Dual 4K Streaming and Media input module can now simultaneously play up to eight reliable, synchronized media clips onto ultra-wide video canvasses. This allows you to get creative and go beyond 4K resolutions to boost revenues, entertain and multipurpose your installations.

Take Control with a New Version of CORIOgrapher

Download the latest version of our easy-to-use CORIOgrapher software to take full advantage of the new CORIOmaster features. Updates include:

- A fully unified version of CORIOgrapher for all units, including CORIOmaster2
- Asset trays
- New window handles
- Right-click features
- Product code generator
- Export button for the offline configuration tool
