

Air Guard – Protecting what matters most

Air Guard – Protecting what matters most. A disinfectant that reaches places you can't and ideal for the workplace, classrooms, shops, cars and wherever needed.

The risk of infection is an important concern in our daily lives and Air Guard is a solution to help improve the hygienic standards in our homes, vehicles, and workplaces. Air Guard was founded with the intention of providing effective solutions that meet the best of international standards to create a safer and friendlier environment.
