

Astera for Flicker-Free

Posted on October 15, 2024

Cape Town-based Flicker-Free Lighting Rentals have made an impressive investment in Astera lighting!

They've added LunaBulbs, Titan Tubes, HydraPanels, AX5 TriplePARs, and AX9 PowerPARs to their gear. On behalf of the DWR Distribution team, a big thank you to Jason Watts and the Flicker-Free team for your continued support, we are excited for you and can't wait to see these awesome LED lights in action! Gratitude also extends to Johnny Scholtz from DWR Distribution for his assistance with the purchase.
