

AV Unlimited paints the stage with Absen

Posted on August 29, 2023

Congratulations to AV Unlimited, a Johannesburg-based technical supply company, on purchasing a significant number of Absen NT2.9 panels in flightcases from DWR Distribution at the beginning of August.

Brothers Arnaud and Guillaume Ducray, owners of the company, are highly regarded in the industry for their dedication to excellence. Their commitment to delivering top-notch event experiences is evident through their provision of comprehensive design and technical solutions

for productions. While offering services that encompass sound, lighting, rigging, and power, they have always pushed the boundaries when it comes to video elements. Their acquisition of Absen NT2.9 panels underscores their dedication to staying at the cutting edge of technology.

The panels have not only arrived in time for various events, but have also proven to be a valuable asset for the company, a medium for artistic expression allowing AV Unlimited to showcase visually engaging content.

The lightweight Absen NT2.9 series delivers a bright image (1 000 nits) and a high refresh rate and can be used for various applications. Units can be ground stacked on the stage or hung with rigging bars in curved or straight configurations.

“We are looking forward to having a new brand in our inventory,” comments Guillaume Ducray. “The product hasn’t stopped moving, so that’s a great sign. Dylan Jones from DWR has been very supportive and that is always a key ingredient when we procure new stock items.”

With the live events industry making a comeback, Dylan Jones has been grateful to see Absen gain popularity. “Thank you Guillaume and Arnaud for your support,” he says. “We’ve loved seeing how you’ve incorporated Absen into your events. Your trust in DWR Distribution is truly appreciated, and we’re here to keep delivering the support you deserve.”
