9 Zeiss Road, Laserpark, Honeydew, JHB

- Overview of the NovaStar Control systems
- Intro to LED Screen Technology
- Redundancy configuration
- Troubleshooting Issues
- Practical: Absen reticulation & rigging

DWR Distribution is delighted to invite you to Basic NovaStar Training presented by Dylan Jones on 18 August from 9 am to 4 pm. This course is ideal for those wanting technical training that includes the software and rigging of LED screens.

NovaStar is a global leading LED display solution provider specializing in designing and developing LED display control solutions for a variety of market applications including entertainment, digital signage and rental agencies.

The training will cover the following topics:

- Overview of the NovaStar Control systems
- Intro to LED Screen Technology
- Redundancy configuration
- Troubleshooting issues
- Practical: Absen reticulation & rigging

Delegates wishing to attend the course will require a laptop or PC. Please download the following software:

<https://oss.novastar.tech/NovaLCT%20V5.4.4.6.zip>

The cost is R200 per person (non-refundable) and includes a light lunch and refreshments.
