

Benjamin Bauwens from ArKaos to visit South Africa

DWR Distribution takes pleasure in welcoming Benjamin Bauwens, Operations Manager at ArKaos, to South Africa as he attends Mediatech.

Benjamin is no stranger to the industry and was based at PRG for six years, starting up in the warehouse and eventually working himself up to project management.

Proudly from Belgium, Benjamin says he was born backstage! “I spent my early childhood in a theatre back stage with my mum”, he smiles.

There are so many industry players who have followed in their parents’ footsteps. We look forward to catching up with Benjamin to hear his story.
