

We can't wait to see you Qincy!

There will always be a place in our heart for Quincy (Michael Strathmann), MA Tech Support and product specialist for the MA dot2 product family, and DWR can't wait to see him at Mediatech.

"What is the best or most interesting thing you've ever seen in your life, and how did it make you feel?" we asked him.

Quincy answered, "Ha, that's a huge question and really hard to answer! I have to think about it... What amazes me always, is nature – with all of its aspects. I love watching the night sky. Looking at these billions of stars, for me, is simply breathtaking and should fill us with respect. It makes me aware of who we are, such an unbelievably little part of one huge thing. We should not take ourselves too seriously."
