DWR Distribution takes pleasure in inviting worship, volunteers and technical teams to join us for Audio Basics Training taking place on **21 November, 9am to 4pm at Doxa Deo Parkview, Pretoria.**

Presented by Jaco Beukes, the training will focus on the Basics of Audio, Mixing Fundamentals, and what do to ***before the band arrives***. The range of topics will include understanding signal flow and set up, gain structure and console fundamentals, common audio problems and how to resolve them, and on a practical level, listening and mixing exercises.

“We hope to attract delegates who are striving for excellence in everything they do,” says Jaco Beukes of DWR. “Having a better understanding of the ministry of sound helps everyone gain so much more in terms of what the worship team is doing and what is being preached. As sound technicians, we want to be able to reproduce that message correctly, be it the worship or the sermon. The more we understand the discipline of audio, the better we will be equipped to serve in our local Church.”

The nonrefundable fee to attend the workshop is R250 per person and includes a light lunch and refreshments. *Terms and conditions: While refunds are not available for cancellations, participants may transfer their registration to another individual.*

Date: 21 November 2026

Time: 9am to 4pm

Cost: R250, nonrefundable, including a light lunch.

Venue: Doxa Deo Parkview, 24 Garsfontein Rd, Moreleta Park, Pretoria, 0044
