

Claypaky's new lighting solutions – visit their virtual booth!

CLAYPAKY VIRTUAL

12 - 31 JULY 2021

#CLAYPAKYVIRTUAL

ARE YOU READY TO DISCOVER CLAYPAKY'S NEW LIGHTING SOLUTIONS?

Come along and take a ride on the **Claypak Virtual Booth** carousel to visit our new exciting fixtures and lighting solutions!

MINI XTYLOS HPE: the Xtylos became smaller with a twist, and more energy efficient than any other fixture so far.

XTYLOS AQUA: the weatherproof version of our celebrated Xtylos.

AROLLA SPOT | PROFILE MP: small form factor spot and profile fixtures, with features to feed your creativity.

TAMBORA BATTEN: a high-power LED batten fixture, with advanced pixel mapping capabilities and unique three-layer selection.

PANIFY: turn static fixtures for dynamic effects.

ADB by Claypak ACTORIS PARLED: compact, silent and efficient RGBW ParLED, perfect for use in any theatre or venue.

CLOUDIO: a smart, easy to use, and efficient maintenance tool, now open to other brands.

WW (Warm White) versions of MINI-B, MIDI-B, MINI-B PARLED
