Connect with DWR Distribution at Mediatech Africa 2026

DWR Distribution is pleased to announce its participation at Mediatech Africa 2026, taking place from 30 June to 2 July at the Kyalami Grand Prix Circuit & International Convention Centre. Don't miss out on meeting our international suppliers and seeing the latest technology.

With the South African industry expected to attend in full force, DWR also looks forward to welcome visitors from across the continent, including Nigeria, Kenya, Namibia, Botswana, and beyond – it's all about connecting the people! The DWR team will be exhibiting at Stand D60 in Hall 3.1.

"There has been a real hunger for Mediatech to return, with the last show taking place in 2019, and the team at DWR Distribution is thrilled to be part of it once again," said Duncan Riley, owner of DWR Distribution. "Mediatech has always been a place where people connect, share ideas, and engage with like-minded professionals, and we believe that same vibrant energy will be back. We look forward to introducing visitors to the expo to our international suppliers and showcasing the latest professional equipment."

With offices in Johannesburg, Cape Town, and Durban, DWR Distribution is a leading distributor of professional equipment, including lighting, audio, audiovisual solutions, LED displays, trussing, and motors, backed up with technical support and training. The company serves a wide range of sectors, including system integrators and rental companies, as well as staging, houses of worship, and studios.

Mediatech presents an ideal platform for DWR to demonstrate its latest offerings in a world-class environment. It remains Africa's largest technology showcase for AV integration, unified communications, broadcast and streaming, film, studio and production, professional audio, lighting, staging, and display solutions, making it a key event for professionals across the entertainment and technology industries.

"Thank you to organisers Simon and Claire Robinson for the effort you've put into making the show a reality," added Bruce Riley and Robert Izzett, Directors at DWR. We are thrilled that many of our suppliers will join us, and we can't wait to connect with visitors to the show."
