

DiGiCo reveals New Year New Hope competition

DiGiCo is offering New Hope for the start of 2021 with the launch of a competition that brings its friends around the world some much-needed positivity.

The competition is open now, is free to enter and has three amazing gifts up for grabs: a DiGiGrid MGB Madi to SoundGrid Interface; the first of the newly launched KLANG Kontrollers – Serial Number 1; and an incredible DiGiCo Quantum Range Console!

“We wanted to look forwards and give a little hope for the new year, and we couldn’t think of better way to do it than by giving away three products that will be incredibly useful for the future,” says DiGiCo General Manager, Austin Freshwater. “It gives all of us at DiGiCo, DiGiGrid and KLANG great pleasure to know that, when the world of live productions returns, we can provide the opportunity for the lucky winners to add an extra touch of magic to their mixes.”

To enter, visit DiGiCo’s Website (www.DiGiCo.Biz). The competition closes at 23:59 (GMT) on the 8th February, with the announcement of the winners streamed on DiGiCo’s YouTube Channel and Facebook page on 12th Feb. Watch out for the login details, which will be released shortly.
