

DiGiCo SD Training at DWR

Posted on January 22, 2020

DWR Distribution's Kyle Robson takes pleasure in presenting a DiGiCo Training Course with a focus on the SD Series, on 10 and 11 March from 9am to 5pm at DWR Distribution in Laserpark, Honeydew.

The course will kick off with an SD Series overview and will cover a range of useful topics including racks and solutions, connections and networking, recording and Waves as well as basic and advanced operation skills. The practical training will encourage delegates to participate in a Q & A session.

Delegates are requested to supply an Offline Editor installed on a laptop or PC.

The cost is R1,200 and includes a light lunch and refreshments. Please let us know if you have any dietary requirements.

Bookings will be confirmed once payment has been received. Regrettably, no refunds though you are welcome to send someone else in your place.

Bookings on-line at: <https://dwrdistribution.co.za/register/digico-sd-training-course-march-2020/>

We hope to see you there!
