The DiGiCo S21 is on the road in South Africa with Kyle Robson from DWR Distribution.

The S21 is taking the world by storm. DiGiCo is a well-loved console, and the new S21 is a wonderful tool that will be surprisingly more than you imagined for less than you expected.

Kyle will be visiting one company at a time to present a personal demonstration.

If you would like Kyle to visit your offices, please contact him 072 811 6359 or 011 794 5023 or e-mail kyle@staging.dwrdistribution.co.za
