

Doughty's Julian Chiverton at Mediatech

Posted on July 7, 2017

The lovely Julian Chiverton, Sales Director at Doughty, has visited Mediatech a few times before, and in some ways, it's like welcoming home family. That said, there's always something new to learn about a person, and we asked him this:

Q: Tell us 3 things you remember about kindergarten.

Answer:

1. The off milk they made us drink, it was warm and creamy.
2. My teacher, Miss Horrell, getting a staple stuck in her finger! She was extremely strict and gave me the slipper, so when it happened the whole class was laughing. We nicknamed her Mrs Horrible!
3. Getting gold stars for good work. The reward was a sweet from the Headmistress Miss Western. I liked the mint Humbugs! That made me think a bit!

Doughty is a world leading manufacturer of rigging, suspension and lifting equipment for the film, tv and theatre industry. We look forward to seeing Julian as he represents Doughty at Mediatech!
