

## DWR Distribution recognized with Barco Award

DWR Distribution's Bruce Riley, Dylan Jones, Duncan Riley, and Robert Izzett.

DWR Distribution is excited to announce that they have been honored with the Top META Partner – Barco Immersive Experience 2024 award, presented at the ISE show in Barcelona.

Since their distribution partnership with Barco was established in October 2023, DWR and Barco have collaborated closely to deliver exceptional products, training, and service in the field of visualization technology to the South African market. Dylan Jones, Brand Manager at DWR, has attended two key training sessions in Belgium. The first focused on projection and image processing, while the second was the 'Barco Train the Trainer' workshop, designed to equip him to train others. Dylan has since led several Barco Certified Operator Training sessions in Johannesburg and Cape Town. In addition, during DWR's own exhibition in July 2024, Barco hosted a stand and presented workshops to further enhance their commitment to users living in Africa.

"I'm incredibly proud of this recognition," says Dylan Jones with a smile. "Barco is a top-tier product with a trusted name, and we are honoured to be part of their team."

Bruce Riley, Technical Manager at DWR, adds, “This is a prestigious award, and we’ve worked hard to earn it. The support we provide has helped us build trust with Barco customers, and that’s played a key role in our increased sales.”

For Duncan Riley, founder of DWR, the award is especially meaningful. “We’re grateful for the support and recognition from Barco. It’s an incredible product, and we’d like to thank Dylan Jones for pushing Barco forward. A big thank you also goes to our customers who’ve attended our training sessions, purchased products, and created amazing work with the gear.”
