Congratulations to the winner of the DWR t-shirt competition, Leswin Heswick from Vision Media, Cape Town. The industry was invited to come up with a lighting themed t-shirt. The winner would receive a TitanOne and their design and signature would be printed in bulk and handed out at Mediatech.

Thank you to everyone who participated. It was a difficult decision choosing the favourite entry. On top of that, Leswin Heswick submitted a number of great designs.

To be fair each staff member at DWR voted for their favourite shirt.
