

Feedback all the way from Uganda on MA Lighting's E-Learning programme!

Some of the best things in life are free, believe it or not! MA Lighting University's E-learning platform is a powerful tool with tutorial videos, and multiple choice and quiz questions that allow users to delve deeper into the world of MA products – all free of charge. How wonderful to get feedback from Ssentenza Arthur Godfrey Williams (23) who lives and works in Kampala, Uganda and who recently completed the course. Enjoy his feedback!

"I'm a lighting technician and an electrician as well. I currently work with Fenon Events in Kampala. I've worked on several events and conferences, and alongside Fenon Events for artists like Burna Boy, Jose Chameleone, Eddy Kenzo, Fireboy, Costa Titch, Adekunle Gold, Kizz Daniel, Tiwa Savage etc. I've also worked on various government conferences.

I enrolled in the grandMA3 E-learning training course a few weeks back and I've enjoyed every bit of the journey right to the end. It has taken me a total of 20 hours to complete, and they've been worth the while.

I'm glad I'm one of the few, if not the only, Ugandan to have done this course and to now have the know-how on grandMA3. It has always been a dream of mine to travel abroad, to work with bigger event companies on the MA platform, and to one day finally bring this console home.

I'm grateful to MA Lighting for the opportunity I was granted – I would love to join their team – and I really look forward to making them proud wherever I go.”

If you are interested in joining the MA E-Learning programme, please submit your details here:
