

Green Hippo, the way of the future

Media Servers

Green Hippo

Green Hippo are specialists in the design and manufacture of hardware and software for real-time manipulation of video in the AV industries. Formed in 2000, Green Hippo has grown from a specialist manufacturer of bespoke solutions to one of the leading players in the ever-growing field of scenic video. The company's award winning Hippotizer™ range is now in its fourth generation, and can be found providing real-time video playback.

HIPPOTIZER MEDIA SERVERS, GO BEYOND REAL-TIME

Tierra+

Montane+ RTX

Formed in 2000, Green Hippo has grown from a specialist manufacturer of bespoke solutions to one of the leading players in the ever growing field of scenic video.

The company's award winning Hippotizer™ range is now in its fourth generation and can be found providing real-time video playback for television sets including Eurovision, The Academy Awards, the Super Bowl halftime shows. Theatre spectacles such as Love Never Dies in the West End and American Idiot on Broadway utilise the system due to its flexibility during production periods and concert tours for artists such as Beyonce, Jay Z, and Madonna have proven its reliability out on the road.

Based in London and Glendale, CA Green Hippo provides innovative solutions and support to users, distributors and installers worldwide and can be found at DWR Distribution in South Africa.
