Green Hippo’s Suzy Stenning Will Present at Mediatech 2019

Suzy Stenning, a senior trainer and part of product team for Green Hippo, will be presenting two talks at Mediatech Africa 2019. Her presentation, “Media Servers for Live Production” will discuss Real-time output configuration and playback, basic set up, hardware benefits and options and popular software features and use cases. Her second presentation will be “Projection Mapping” and examine the different types of Projection Mapping and 2D and 3D workflow, how Hippotizer and SHAPE can be used to streamline processes and a deep dive into Houston Energy City, 3D Mapping project.

You are Welcome to join Suzy as she presents her talks during the following sessions:

Entrance is free of charge
