DWR
distribution

DWR Distribution is delighted to announce an introductory Vectorworks Spotlight 2022 workshop to be presented by Jade Manicom on 4 October 2022 from 9 am to 4 pm at the Cape Audio College in Observatory.

Jade will provide a basic overview of the capabilities, concepts, resources, services, and benefits

Introduction to Vectorworks Spotlight 2022 to be hosted in Cape Town

available for the Vectorworks user to get started. This session explains the user interface and demonstrates how to use tools and menu commands to create and convert objects. Learn about classes, design layers, viewports, renderings, and sheet layers to present and annotate drawings and publish your work.

Learning Objectives

1. Familiarize yourself with the user interface.
2. Understand the capabilities of Vectorworks.
3. Get an overview and demonstration of different digital design tools.
4. Understand file organizational concepts.
5. Learn about the different design and learning resources that are available.
6. Find out what next steps you need to take to be successful using Vectorworks.

Those attending are requested to bring their own PC or MAC (installed with Vectorworks Spotlight software), visit: <https://www.vectorworks.net/en-US/spotlight>
