

# L-Acoustics K3i Open Day

Posted on April 9, 2024

You are invited to join DWR Distribution for an exclusive L-Acoustics K3i product demonstration on April 30th from 9 am to 5 pm. This exceptional system, currently the only of its kind in South Africa, is installed at Unite 180's Unite City in Derdepoort, Pretoria. Everyone is welcome to visit Unite City to hear the remarkable sound!

Interested users will truly experience and understand what the K3i has to offer. The system delivers a long-throw, full-range performance in a compact, accessible package, tailor-made for small to mid-capacity events, and venues that are the mainstay of most sound providers. It is a 'no compromises' tool, perfectly adapted to the current event landscape. The K3i is ideal for applications that require plenty of power and bandwidth from a small form factor, including mid-size tours, festivals, corporate events, religious services, and other productions. Dimensioned to keep sightlines clear, K3i integrates easily into venues with space restrictions.

The demonstration will be held at Unite 180, Unite City, Cnr of Sefako Makghato Drive, Baviaanspoort Road (Accessed via Kameeldrift Road) Derdepoort, Pretoria.

You are welcome to stop by at any time between 9 am to 4 pm.

Kindly book your space to assist us with catering – there is no charge
