

KLOTZ M5 supreme microphone cable

Posted on January 6, 2021

KLOTZ M5 supreme microphone cable with unique design, double bare copper spiral shield and KLOTZ XLR.

As a top-class microphone cable, the M5 not only delivers virtually lossless signal transmission over long distances, but also provides unequalled protection against interference with sophisticated shielding - a particularly vital aspect in studio work.

The KLOTZ M5 delivers highest transparency, best resolution, more depth and absolute fidelity live as in the studio.
