K&M Pure White Microphone stand

Posted on November 10, 2026

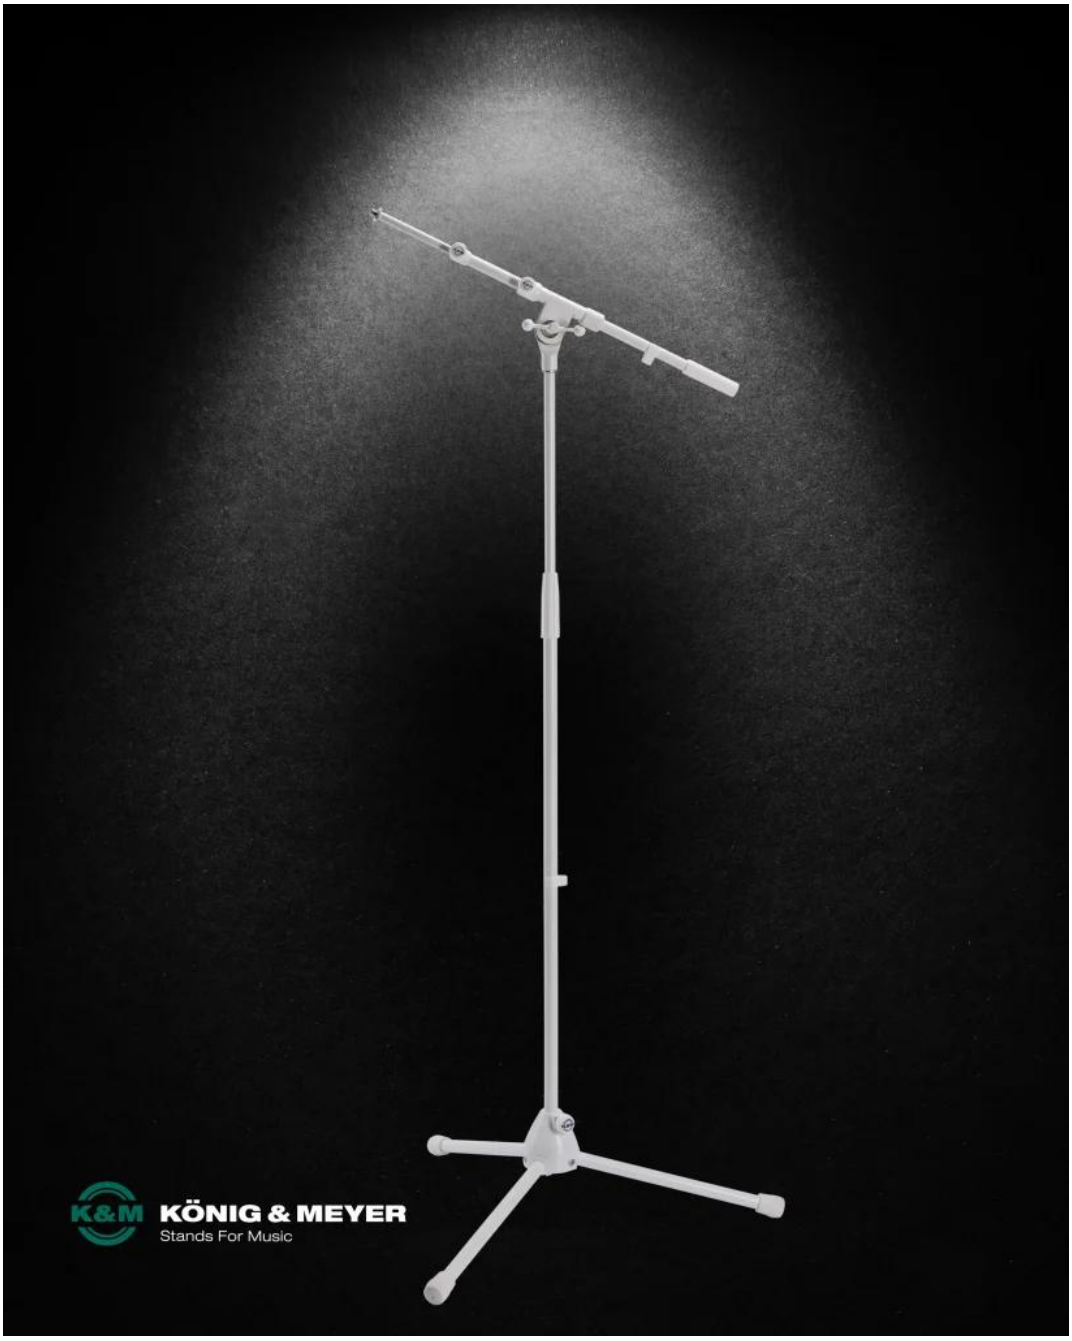

The K&M 210/9 microphone stand combines the trusted performance and professional quality of the classic 210/2 with a more compact design. It features the long-legged 201A/2 microphone stand paired with the 211/1 telescopic boom arm, delivering the stability, flexibility and reliability that K&M is renowned for.

But what makes this version particularly special is its white finish. Perfect for corporate events, conferences, weddings and elegant stage settings, a white microphone stand offers a clean, sophisticated look that blends beautifully into carefully styled environments.

You can pre-order yours today by contacting sales@dwrdistribution.co.za.
