L-Acoustics Soundvision Training

Presented by Richard Smith

Functionalities of Soundvision software | Design simple venues and loudspeaker system layouts | Create advanced 3D room models | Quality indicators and autosolvers for optimized source design

WHEN: 16 JULY 2025 | 9AM - 5PM WHERE: DWR DISTRIBUTION, JHB

COST: R250.00

BOOKINGS ONLINE

You are invited to join Richard Smith from DWR Distribution for L-Acoustics Soundvision Training. Delegates will discover the most advanced L-Acoustics software functionalities for 3D venue modelling, system simulation, and line source optimization. The course will be held on 16 July from 9am to 5pm at our offices in Johannesburg. Please note, those wishing to participate are required to have L-Acoustics certification: System & Workflow or System Fundamentals.

Learning Objectives

- Know the functionalities of the Soundvision software
- Design simple venues and loudspeaker system layouts
- Understand how to create advanced 3D room models
- Understand quality indicators and autosolvers for optimized source design

Earned benefits, L-Acoustics Education platform

- Always up-to-date Soundvision material in the Learning center
- Forum gathering all the Soundvision certified technicians and trainers

Number of participants:

• Maximum: 12

• Minimum attendance: 6

Prerequisites

- L-Acoustics certification: System & Workflow or System Fundamentals
- Experience in live sound reproduction
- Technical English

Required equipment

- Computer with a mouse
- Latest version of Soundvision installed
- · Notepad and pen

The course will be hosted at DWR Distribution, Block C, Unit 1, Kimbult Industrial Park, 9 Zeiss Road, Laserpark, Honeydew.

The cost is R250 per person and includes a light lunch and refreshments. *Terms and conditions: While refunds cannot be provided for cancellations, participants may transfer their registration to another individual.*
