

L-Acoustics System Implementation training, JHB

Posted on March 11, 2025

L-Acoustics System Implementation Training

Presented by Richard Smith

Advance your skills by learning how to implement a safe & functional L-Acoustics system and prepare it for calibration.

Collect & interpret the design documents and all needed resources for implementation.

WHEN: 2 APRIL 2025 | 9AM - 5PM
WHERE: DWR DISTRIBUTION, JHB
COST: R250.00
BOOKINGS ONLINE

Join Richard Smith for the L-Acoustics System Implementation training to be held on 2 April from 9 am to 5 pm at DWR Distribution in Johannesburg. **To enrol in this course, delegates must hold certification in the L-Acoustics System & Workflow course.**

Advance your skills by learning how to implement a safe and functional L-Acoustics system and prepare it for calibration. Richard will show you how to collect and interpret the design documents and all needed resources for implementation. The course will also assist you to understand your implementation responsibilities.

Understand how to:

- Safely mount and rig the system, following L-Acoustics procedures
- Cable & connect the loudspeaker system
- Configure the drive system and check the loudspeaker system to be ready for calibration

Number of participants:

- Maximum: 12
- Minimum attendance: 6

Required equipment

- Computer with a mouse and latest version of *Soundvision* and *LA Network Manager* software: [L-Acoustics website](#) Notepad and pen

The course will be hosted at DWR Distribution, Block C, Unit 1, Kimbult Industrial Park, 9 Zeiss Road, Laserpark, Honeydew.

The cost is R250 per person and includes a light lunch and refreshments. *Terms and conditions: While refunds cannot be provided for cancellations, participants may transfer their registration to another individual.*
