SYSTEM & WORKFLOW

24 JAN, 9AM TO 4PM

JOIN RICHARD SMITH
Durban Jewish Club, 44 KE Massinga Road (Old Fort Road), Durban

Understand the L-Acoustics system approach in the global framework of live sound reproduction. Know the components of an L-Acoustics system and understand the workflow steps.

Please note that this foundational training day is essential to attend and pass should you wish to attend any future L-Acoustics training.

To those living in KwaZulu Natal, please join Richard Smith for an L-Acoustics System and Workflow course on 24 January from 9 am to 4 pm at the Durban Jewish Club. Please note that this foundational workshop is essential to attend, and pass, should you wish to attend any future L-Acoustics training.

The L-Acoustics System and Workflow training course will help you establish your role in the L-Acoustics ecosystem and align your practice with the latest tools and state-of-the-art workflow.

Learning Objectives

- Understand the L-Acoustics system approach in the global framework of live sound

reproduction

- Know the components of an L-Acoustics system
- Understand the workflow steps of a loudspeaker system project and the associated professional roles
- Know the L-Acoustics tools to use along the project workflow

Earned benefits, L-Acoustics Education platform

- Always up-to-date System & Workflow material in the Learning centre
- Forum gathering all the System & Workflow certified technicians and trainers

Number of participants:

- Maximum: 12
- Minimum attendance: 6

Prerequisites

- Experience in live sound reproduction
- Technical English

Required equipment

- Computer with a mouse
