L-ACOUSTICS

SYSTEM & WORKFLOW

22 AUG, 9AM - 4PM

JOIN RICHARD SMITH

@ DWR, Block C, Unit 1 Kimbult Industrial Park,
9 Zeiss Road, Laserpark, Honeydew, JHB

Understand the L-Acoustics system approach in the global framework of live sound reproduction. Know the components of an L-Acoustics system and understand the workflow steps.

Please note that delegates must pass this course and receive certification in order to attend any future L-Acoustics training.

Please join Richard Smith for an L-Acoustics System and Workflow training course on 22 August from 9 am to 4 pm at DWR Distribution, Johannesburg. Please note that delegates who pass this course and receive certification will be able to attend future L-Acoustics training.

The L-Acoustics System and Workflow training course will help you establish your role in the L-Acoustics ecosystem and align your practice with the latest tools and state-of-the-art workflow.

Learning Objectives

- Understand the L-Acoustics system approach in the global framework of live sound reproduction
- Know the components of an L-Acoustics system
- Understand the workflow steps of a loudspeaker system project and the associated professional roles
- Know the L-Acoustics tools to use along the project workflow

Earned benefits, L-Acoustics Education platform

- Always up-to-date System & Workflow material in the Learning centre
- Forum gathering all the System & Workflow certified technicians and trainers

Number of participants:

- Maximum: 12
- Minimum attendance: 6

Prerequisites

- Experience in live sound reproduction
- Technical English

Required equipment

- Computer with a mouse

- Latest version of Soundvision and LA Network Manager [installed](#)
- Notepad and pen

The course will be hosted at DWR Distribution, Block C, Unit 1, Kimbult Industrial Park, 9 Zeiss Road, Laserpark, Honeydew.

The cost is R250 per person and includes a light lunch and refreshments.
