L-Acoustics System & Workflow Training, JHB

Posted on February 4, 2025

Join Richard Smith for an L-Acoustics System and Workflow Training Course on 27 February, from 9am to 5pm at DWR Distribution in Johannesburg. Upon successful completion and certification, delegates will be eligible to attend future L-Acoustics training sessions. Don’t miss this valuable opportunity for professional growth!

The L-Acoustics System and Workflow training course will help you establish your role in the L-Acoustics ecosystem and align your practice with the latest tools and state-of-the-art workflow.

Learning Objectives

- Understand the L-Acoustics system approach in the global framework of live sound reproduction
- Know the components of an L-Acoustics system
- Understand the workflow steps of a loudspeaker system project and the associated professional roles
- Know the L-Acoustics tools to use along the project workflow

Earned benefits, L-Acoustics Education platform

- Always up-to-date System & Workflow material in the Learning centre
- Forum gathering all the System & Workflow certified technicians and trainers

Number of participants:

- Maximum: 12
- Minimum attendance: 6
