Understand the L-Acoustics system approach in the global framework of live sound reproduction. Know the components of an L-Acoustics system and understand the workflow steps.

Attending and passing the L-Acoustics System & Workflow training is a requirement to attend any other L-Acoustics training days.

BOOKINGS ONLINE

Establish your role in the L-Acoustics ecosystem and align your practice with the latest tools and state-of-the-art workflow. Join Richard Smith from DWR Distribution on 23 May from 9 am to 4 pm.

The System and Workflow training course is the foundation for all other L-Acoustics training sessions. Delegates must pass this course and receive certification before they can attend other L-Acoustics workshops at DWR Distribution. Please also note that as the L-Acoustics classes may not exceed 12 people, DWR cannot guarantee space on the other courses presented in May even if you pass this course.
