

Lee Baird joins DWR

Lee Baird

DWR Distribution takes pleasure in welcoming Lee Baird, Marketing Coordinator, to the team.

Lee is no stranger to the industry. She worked alongside her partner, Rob Young, at Theatre and Studio, for six years, during this time visiting various theatres in the country and maintaining the day to day running of the office. "Working with Rob was the best part of the job," smiles Lee. "And it's great to work alongside side him once again at DWR."

Lee will be positioned in the marketing department and you will meet her on Facebook as she adds new posts and news. She will also be instrumental in helping to arrange projects like Mediatech, fundraisers for the SOS Charity fund and ensuring the industry has t-shirts to wear!

“It’s really an honour to welcome the lovely Lee to our team,” said Duncan Riley of DWR. “She is an organized and diligent person whom we have known for a few years now, and I know she will be a tremendous help in the marketing department. We hope that Lee will be very happy here and we’ll be looking out to see if there are too many trips to the manufacturing department for smooches with Rob!”
