

Black Motion has been on

the move with Imizwilili

groups in a fresh

and exciting manner.

The show,

Africa and neighbouring states, with locations including Theopo and Swaziland.

From Black Motion, Kagiso Moima, Phil Murembiwa and James

Masiyah Black Motion provide a standard equipment list comprising of six uprights Prolyte H30V totems with a base plate. Each totem is equipped with six LEDs and a Robe ColorSpot 250 AT. "The shows are always indoors and we use 2 kw ADB fresnels for skin tones and front lighting," explains Kagiso Moima (KG) from Black Motion. "For the backlighting the LEDs and moving lights are used."
