MA Lighting is heading to West Africa!

This October, MA Lighting is bringing their expertise to Lagos for lighting professionals, programmers, operators, designers, and industry partners from across West Africa.

The event kicks off on 19 October with the MA Lighting Open Day – an opportunity to connect with their team, discover the latest solutions, exchange ideas, and meet the growing community of MA users across the region.

From 20–23 October, the event moves into four days of dedicated grandMA3 training, with hands-on sessions designed to build knowledge and strengthen skills.

Whether you're based in Nigeria, Ghana, Côte d'Ivoire, Senegal, Cameroon, or beyond, we look forward to welcoming you to our Open Day event!

Venue: Eko Hotel, Victoria Island, Lagos

Registration required: Secure your spot today via the link!
