

MJ glow at Neon Run

South Africa's most Electric Night Event, where individuals run, cycle, skate or walk a five kilometer route at night covered in neon accessories and body paint is taking the nation by storm! Events are held across the country, and when recently hosted at the [Wanderers Stadium](#) in Johannesburg, MJ Event Gear supplied the full technical.

What attracts runners and revelers alike is the amazing atmosphere! After their glowing race, the finish line is a neon party and the line-up included Dean Fuel, The Kiffness, Roger Goode and Chris Taylor.

Contracted by AJDW Event Technical Hire, MJ Event Gear set up a Thomas Ground Support to create a concert stage setting. The lighting rig, controlled by a grandMA Full Size, included 24 x Robe 100 LEDBeams, 12 x Robe 600 LEDWash, 12 x Robe 300 E Spot. There were also 28 x UV Guns, 24 x Longman Colorme 011 and 4 x Phillips Nitro Strobes.

"This event really was something different for us," said Theo Roodt from MJ. "The race has become quite a phenomenon!"
