Remember the days when nurses wore stiff, white starched dresses, sharp little hats, stockings and lace up shoes? While the uniforms have relaxed somewhat and we are almost certain that nurses smile more these days, the medical staff often remain the unsung heroes as they work hard and passionately to make a difference each day. With this in mind, Netcare hosted their 13th Night of the Stars Awards at the Gallagher Convention

"From the

beginning our pitch to Netcare (a private hospital network) was to celebrate a caring family and to acknowledge the names of the full concept and project aspects such as lighting, trussing and a

care givers."

highlight for the 450 guests was the reveal of four cars, which were given to Netcare regional winners. 35" Video Animation, with the use of four Christie Roadster 18ks, projected onto a massive 4.8m high x 38m wide screen. Because of the intense projection, V2500s were used, their framing shuttering system allowing beams to be

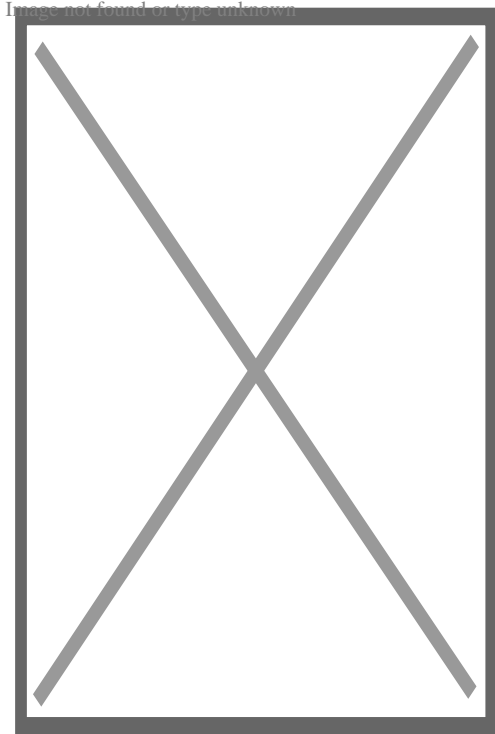

angled and shaped.

Monster Productions and Events are a creative company, pulling off big idea work. This dynamic team aim to

make each event well worth remembering.

Equipment List: 12 x Robin 100LED Beams

|    |   |                                   |
|----|---|-----------------------------------|
| 16 | x | Robin 600s                        |
| 2  | x | Robe MMX                          |
| 12 | x | Philips Selecon Specific Profiles |
| 12 | x | Philips Vari-Lite DL 3500 Spots   |

|    |   |                               |
|----|---|-------------------------------|
