

New Freelancer Page

05 April 2012

As a service to the industry, DWR Distribution has created a

Freelancer page where any freelancer in the SA market is welcome to add their details. Hopefully this will enable companies to find extra hands if and when required.

Please note, however, that DWR cannot be held responsible or guarantee any workmanship / rates etc. Our involvement is purely adding the details to the site.

*To get there, please click on the **Freelancer** icon, found on the bottom right hand side of the DWR Distribution Home Page.*

Should you want to be added to the Freelancer page, kindly send us the following:
