

sents “dot2: Taking Your Venue to the Next Level

Ole, lighting technician at DWR Distribution, will be presenting a talk on the dot2

examining the new compact series generation of lighting control solutions – specially designed for small to medium projects and shows, and how the dot2 has improved many venues around Africa, based on its core philosophy of Intuitive operation and with all connectivity on board.

We welcome you to join Ole for his presentation during the following session:

Presentation Zone 3 on the 18th of July from 15:30-16:30

Entrance is Free of Charge
