With just one week to go, the countdown is on for Mediatech 2026, and DWR Distribution is looking forward to welcoming visitors to the DWR Village, where more than 30 international brands will be represented.

This year is all about connecting people, and we're thrilled to have more than 60 international representatives joining us on our stand - travelling from around the world to meet you! Visit us at Stand D60 in Hall 3.1 at the Kyalami Grand Prix Circuit, Johannesburg, from 30 June to 2 July,

“After the last Mediatech took place in 2019, we are incredibly excited to welcome both familiar and new faces back to the show,” said Robert Izzett of DWR Distribution. “We have 32 suppliers forming part of the DWR Village, and a tremendous amount of work has gone into showcasing the latest technology while also introducing visitors to the people behind the products. We trust there will be outstanding attendance as the industry comes together to support the only expo of its kind in Africa.”

Visitors can look forward to the latest innovations in lighting, audio, AV and staging technology, along with the opportunity to meet the representatives behind the brands and learn about the latest developments shaping the global industry.
