

Over R36 000 raised

26 September 2011

Frikkie Heyneke (centre) with Kurt du Preez and Duncan Riley.... oh yes, we can't forget Gobo!

A few weeks ago we asked the industry to assist Frikkie Heyneke, who after having a stroke, had to pay excessive medical bills not covered by the medical aid. How wonderful it was when so many people reached out a helping hand!

On Friday, 23 September, we were able to hand over an amount of R36 323.60. "How do the cents come into being," you may ask yourself. While most of the support came from the very generous local industry, we had a couple of fellows who handed over some Pound Notes for the cause at PLASA. Thank you to everyone who participated – this kind act meant the world to Frikkie and his wife Sophia.

We know some of you wished to remain anonymous, but we would like to thank you anyway.
