

Panasonic + HIVE Training in Cape Town

Posted on September 15, 2026

PANASONIC + HIVE TRAINING
PRESENTED BY PANASONIC + HIVE MEDIA
CONTROL + DWR EXPERTS
6 OCT. | CAPE TOWN | REGISTER NOW!

DWR Distribution is proud to host **South Africa's first-ever, hands-on joint training experience** featuring **Panasonic Connect** and **HIVE Media Control**. Learn how these two independent powerhouses seamlessly integrate to build bulletproof, low-latency visual workflows. **The training will be hosted on 6 October from 9am to 5pm at DWR Distribution Cape Town, Unit 37B Platinum Junction, 4 School Street, Marconi Beam, Cape Town.** We can't wait to see you there!

DWR Distribution takes pleasure in welcoming Panasonic's *Francois Yadi* and *Anthony Molloy* back to the country to present the course, while the HIVE section of the training will be presented remotely by *Nigel Sadler* from *Hive*, certainly a master in his field.

Why This Session Matters to Technical Professionals

This session focuses on **Panasonic Projector Hardware and HIVE Media Servers**. It will practically demonstrate the precise technical bridge between the two, and you will leave knowing how to design, program, and maintain elite visual systems from source to screen.

Session Agenda:

Morning: Panasonic Hardware & IP Ecosystem

09:00 - 09:45 | Panasonic Business Product Overview (*Tim Wilson & Anthony Molloy*)

- Panasonic High Brightness Pro display projectors and key principles behind their architecture

10:00 - 11:00 | High-Brightness Theory & Practical (*Francois Yadi*)

- Deep dive into how Panasonic engineering delivers massive lumens while maintaining absolute color accuracy and thermal stability.

11:15 - 12:45 | Real-World Projection Deployment (*Francois Yadi*)

- Hands-on application of Geometry Manager Pro.
- Advanced signal infrastructure, laser drive power management, and remote system diagnostics.

13:00 - 14:00 | Lunch & Networking

Afternoon: The HIVE Engine & Ecosystem Integration

14:00 - 15:00 | HIVE Software Fundamentals *(Nigel Sadler)*

- Core introduction to the HIVE playback ecosystem, system navigation, UI architecture, and baseline network configuration.

15:15 - 17:00 | Advanced HIVE Tools & Panasonic System Integration *(Nigel Sadler)*

- Advanced workflows: Video playback engines, precision projection mapping, and media processing.
- **The Integration Bridge:** Live demonstration of how HIVE's BeeBlade modules natively connect and interface with Panasonic Projectors to establish zero-compromise, low-latency visual paths.

The cost is R250 per person and includes a light lunch and refreshments.

Terms and conditions: While refunds are not available for cancellations, participants may transfer their registration to another individual.
