

Panjo the missing Tiger has been found, but little does everyone know that 13 others have also been adopted in South Africa. Some are awaiting their permits, having just landed from England, whilst the rest are getting familiar with their new surrounds, lapping up the new found attention.

Indeed, DWR Distribution were privileged to be part of the adoption programme, where in one and a half months, 13 x Avolites Tiger Touch Consoles were sold to the following rental companies:

C & S Audio (1 x Tiger Touch and 1 x Expert with Wing); Gearhouse Cape Town (2 Tiger Touch), Improvisation (1 x Tiger Touch), La Toscana Monte (1 x Tiger Touch); MGG (2 x Tiger Touch); Multimedia (1 x Tiger Touch), Parlontones (1 x Tiger Touch), Strike Production (2 x Tiger Touch), Sublime Sound (1 x Tiger Touch) and XGX (1 x Tiger Touch).

Congratulations on your new kittens – go wild!
