

Prolyte Campus

Prolyte Campus

DWR Distribution takes pleasure in inviting you to attend the Prolyte Campus Workshop presented by **Ruud De Deugd** (Prolyte Group) from the **14th – 16th March 2017**.

With his roots securely founded in the engineering office of Prolyte and trained as Mechanical engineer, Ruud De Deugd flew out in 2012 to combine his expert engineering skills with the daily practise of rigging projects under the name of T & E Support. Swopping his desk to get the smell of diesel on the arena floor once in a while; his unique combination of hands-on skills, insight in Rigging projects and engineering expertise, linking theory and practice, makes Ruud a welcome member of the Prolyte Group lecturing team.

Choose a day that interests you or attend all days!
Only R250.00 Per day

Topics:

- **Tuesday - Basic on Truss**
- **Wednesday - Basics Standards and Temporary demountable structures.**
- **Thursday - Ground support theory and in the afternoon a build up.**
- **And much more....**

Date: 14th – 16th March 2017.

Time: 9am – 5pm

9 Zeiss Road, Laser Park, Honeydew

Cost: R250.00 per delegate per day Excluding VAT

RSVP: rsvp@dwrdistribution.co.za or
contact Amanda on 011 794 5023

IT'S ALL ABOUT THE people

The Prolyte Campus will be hosted at DWR next week. Choose a particular day or attend all the sessions, but don't miss out on this informative training with international Ruud De Deugd from Prolyte. The cost is just to cover the basics, so while inexpensive, this really is something well worth attending.

To RSVP at Amanda at rsvp@dwrdistribution.co.za or call her at 011 794 5023
