VIRAL
ARMOUR

SANITISER
WATERLESS HAND SANITISER

**70%
ETHANOL**

ALCOHOL BASED SANITISER

THAT KILLS 99.99% OF ALL GERMS & VIRUSES

DWR Distribution is stockists of Viral Armour, a waterless hand sanitiser available in both small or bulk quantities at a great price.

Ideal for schools, hospitals, food processing facilities, mines, Agri firms, shops and general places of business, Viral Armour can be applied undiluted directly onto hands or surfaces.

Founded in early 2020 in response to the global Covi-19 pandemic, Viral Guard is a young, dynamic, and passionate company who over the past year has supplied an effective product at an affordable price.

Viral Armour uses the World Health Organization's recommended ingredients, is SANS51726:2011 tested and conforms with SABS Standards.

To place your order or for more information e-mail DWR Distribution at sales@dwrdistribution.co.za or call Marlene at 011 794 5023.
