

Share your MA Story!

Image not found or type unknown

As MA Lighting turns 40 years, they are asking the industry to share their best MA story!

First there was an idea. Then a prototype. That was 40 years ago now.

Since its foundation in 1983, MA Lighting has developed into one of the leading international companies for computer-controlled lighting control consoles and network components. Their products are used all over the world and stand for commitment, innovative strength and forward-looking solutions.

And what about you?

EVERYONE HAS A STORY. WHAT IS YOURS?

What connects you to MA? What drives you to work with MA and their products?

Tell us your story [here](#), send us your best photos or videos.

MA look forward to hearing your story!
