ice-rink.

assistance to the first ever Coca-Cola Snow Experience in
center across the University of the Free State. The event was
a manmade snow ramp, a snowball fighting area and an artificial

Longman parcans were hung from trussing across the snow ramp as well as mounted to scaffolding along the ramp. These super little fixtures, there were 6 x Longman High Power LED Parcans and 16 x Longman LED Parcans, added colour to the popular snow ramp.

The Coca-Cola Snow Experience was an event enjoyed by the entire family.
