

Something small from the SOS for Lee Baird

Many people in the entertainment industry will know the lovely Lee Baird, who worked in DWR Distribution's marketing department from February 2017 until recently resigning due to her health.

Lee has been bravely fighting cancer for some time, and it has been a challenging journey for her and her loved ones. The SOS Charity fund recently contributed a R2,000 grocery voucher to her during this time of really not feeling herself.

Lee is such a fighter and inspiration. Our thoughts are with you and your family.
