Take advantage of these offers for Hippotizer Nevis+ purchases, learning and pre-programming accessories.

As the world gets back into live entertainment, even the smallest projects need design and creative flexibility.

With Hippotizer [Nevis+](#), use all the familiar features in the Hippotizer range to create interactive events with Live Capture via NDI.

As seen on [Britians Got Talent](#), by using [NDI](#) as a layer, you can create virtual and interactive environments, delivering the most incredible experiences.

When you're ready to scale up, simply use [HippoNet](#) to connect all your Hippotizers together.

For a limited time only, take advantage of these offers for Hippotizer Nevis+ purchases, learning and pre-programming accessories:
