Techrig & Clover

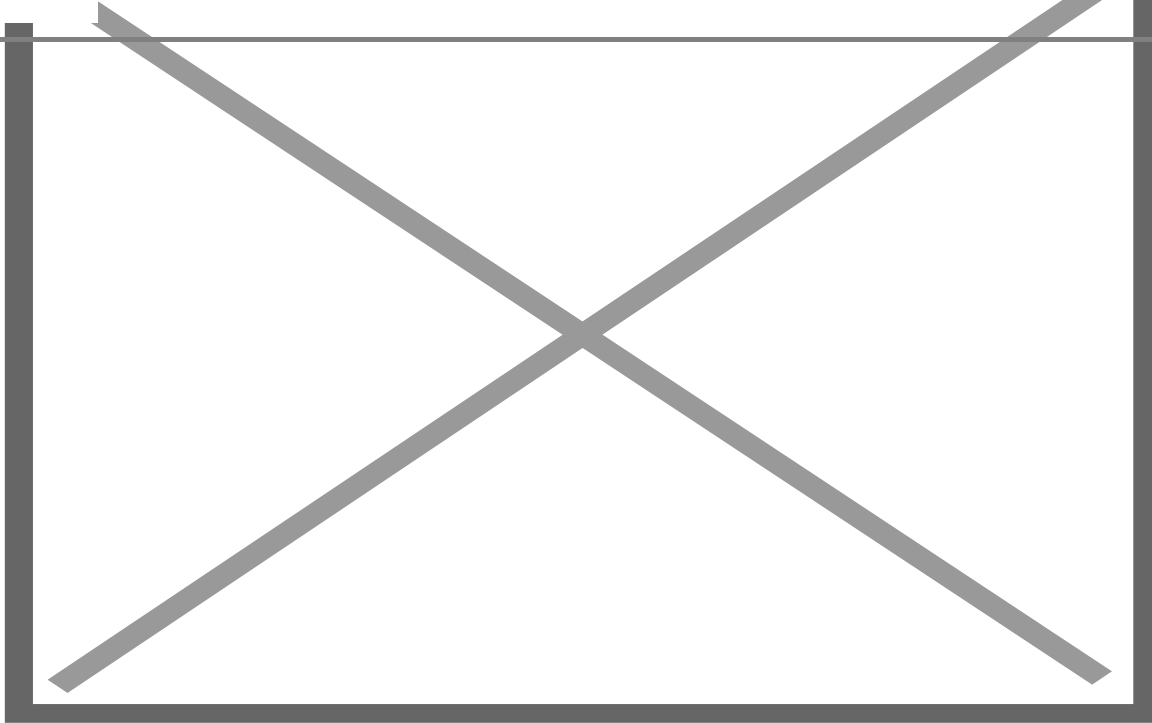

18 August 2011

When Clover

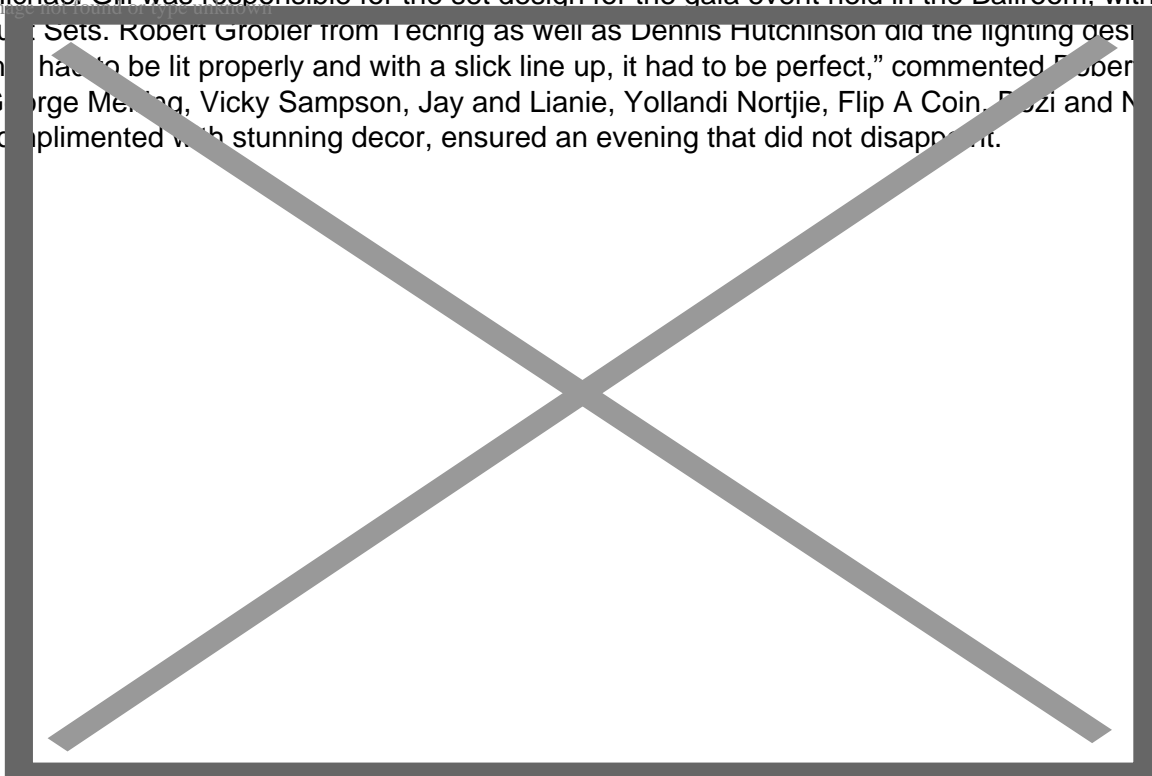

recently hosted their annual conference and gala dinner at Sun City, they called in the services of Techrig to provide the full technical.

Michael Gill was responsible for the set design for the gala event held in the Ballroom, with manufacturing by J... Sets. Robert Grobler from Technig as well as Dennis Hutchinson did the lighting design. "It was a big set that had to be lit properly and with a slick line up, it had to be perfect," commented Robert. Performances by George M... ng, Vicky Sampson, Jay and Lianie, Yollandi Nortjie, Flip A Coin, Bozi and Manell, further complimented with stunning decor, ensured an evening that did not disappoint.

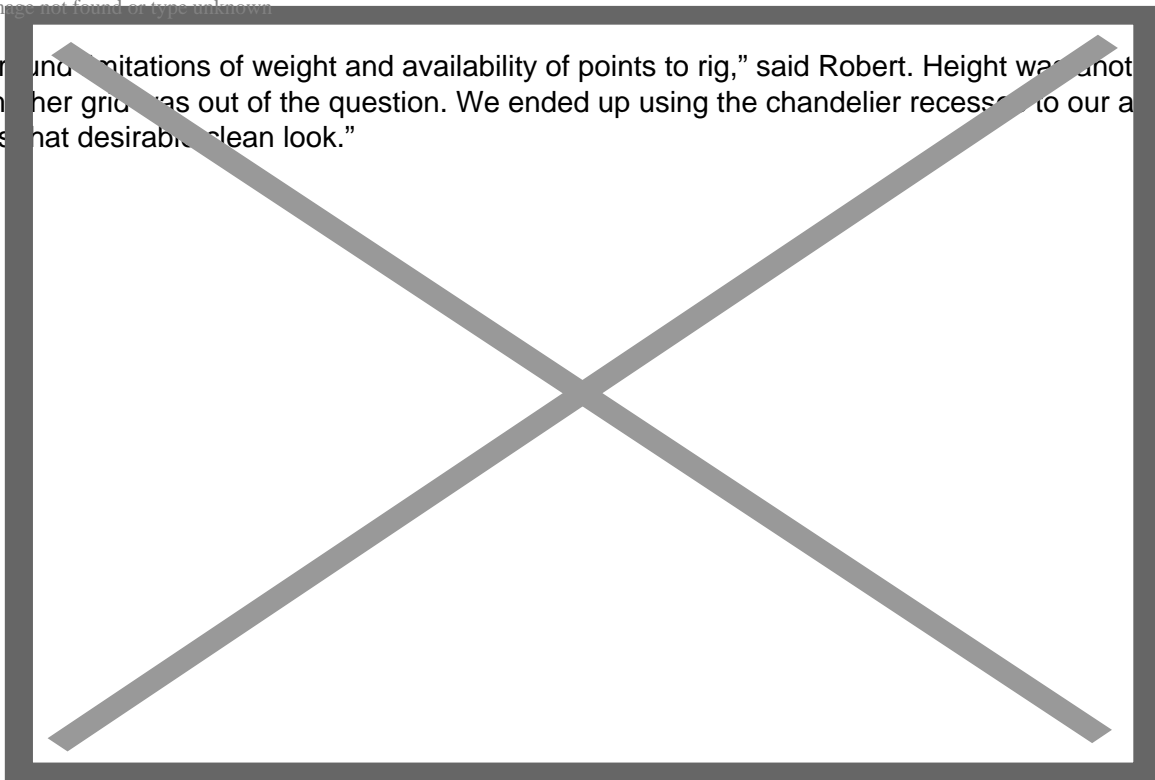

“We had to work

around limitations of weight and availability of points to rig,” said Robert. Height was another problem so a mother grid was out of the question. We ended up using the chandelier recess to our advantage which gave us that desirable clean look.”

The predominantly Robe rig featured Robin LED products, which Robert described as mind blowing. “The units by themselves made the gala dinner work with a mighty punch. The Robin 600 LEDs are a force to be reckoned with,” he added.

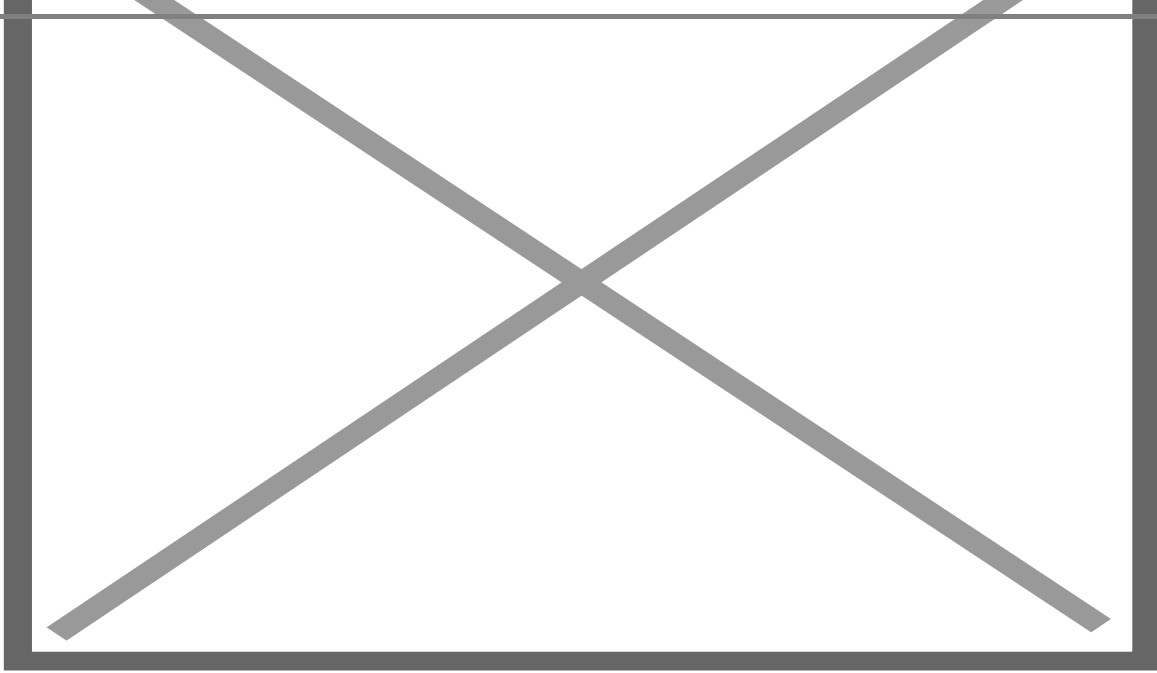

## Equipment list – Gala Dinner:

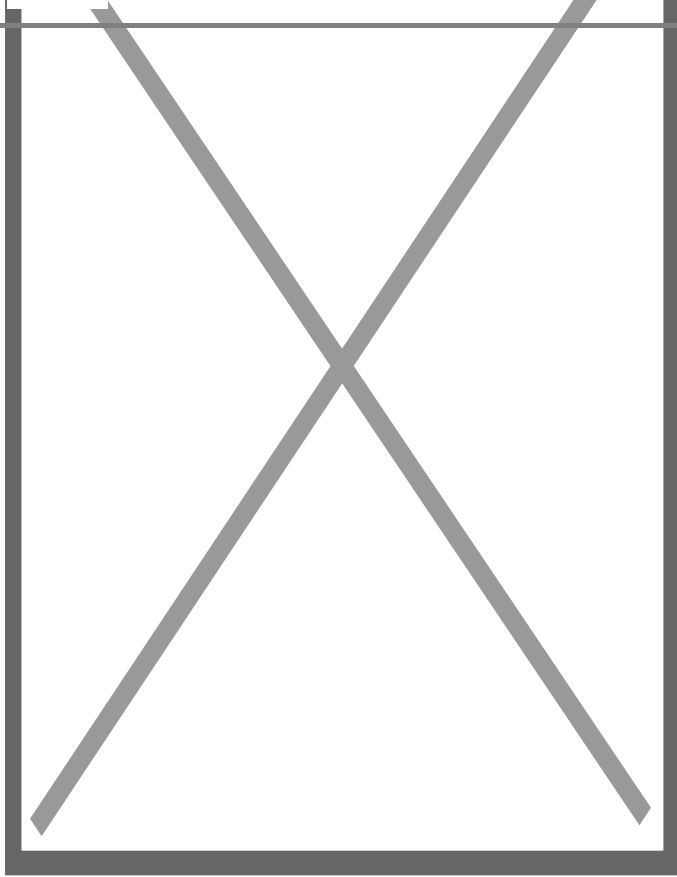

1	x	grandMA Full Size
4	x	Buff Boxes
2	x	Le Maitre MVS Hazer
