

The power of Robe

Posted on February 14, 2014

Six Robe MMX fixtures, 12 x Robin 600 LEDWash fixtures and an Avolites Tiger Touch

Love is in the air, everywhere I look around! Love is in the air, I see Robe right on the ground! Oh its MJ doing their thing, you just ring and they bring, for Montecasino's love day, the Robins are doing their thing.

Now that you're in the groove, well done to Theo Rood and his power team from MJ Event Gear for sharing the love - yes, there is even an Avolites Tiger Touch on this one.

To celebrate Valentine's Day, Montecasino wanted to wash their walkway in red with harts

floating around.

“We used six Robe MMX fixtures, 12 x Robin 600 LEDWash fixtures, a Avolites Tiger Touch and off we go,” commented Rood. The fixtures were set up after hours on Wednesday evening, and will run on Friday.

A lovely gesture!
