Visual Productions Will be at Mediatech Africa 2019

Visual Productions Family

Visual Productions BV will exhibit their range architectural lighting controllers at Mediatech Africa in Johannesburg on July 17-19, 2019. In close cooperation with South African distributor DWR Distribution, we invite lighting professionals from the African region to visit the Ticketpro Dome in Johannesburg. It is a great opportunity to learn more about the interactive lighting control solutions from Visual Productions, controllers that are ideal for hospitality, museums, theme parks, houses of worship and retail. Please find Visual Productions at booth C23 where Maarten Engels, the Managing Director of Visual Productions, Iveta ?evorová, the Marketing Manager of Visual Productions and Johnny Scholtz, an Architectural Lighting Sales representative from DWR Distribution.

On the stand will be the brand new KIOSC, an app for creating custom touch screen user-interfaces for the Visual Productions' range of lighting controllers. Visual Productions will also be bringing the CueCore2 multi-protocol architectural lighting controller, QuadCore 4-universe solid-state lighting controller, IoCore2 GPIO interface module , B-Station wall-mount button panel , TimeCore a modern timecode toolbox, Cuety LPU-2 entry level lighting control software for IOS and Android , RdmSplitter and the Rackmount a 19 inch adapter for two Cores.

Visual Productions looks forward to meeting you at Mediatech 2019 at stand C23.
